January 15th 2008

To Our Valued Customers,

Allspec Enclosures cost structure continues to be negatively impacted by the volatility in raw material prices and other cost increases beyond its reasonable control. As a result, effective February 1st, 2008, Allspec Enclosures will increase the current List Prices for many of the products manufactured and distributed.

The price increase will be effective for orders placed on or after February 1st, 2008. A copy of the new price list is available on our website at www.allspecenclosures.com. Copies of your net prices can be sent to you electronically to facilitate updating your files by your local sales representative.

Allspec Enclosures is committed to providing the best and most complete line of Controller and Backflow Enclosure products in the industry to you. We appreciate and thank you for your continued support, and we look forward to being of continued service to you.

Sincerely,

Larry Pellerin
General Manager
Allspec Enclosures, Inc.
